Cigarette Cabinets

- Our Cigarette Storage solution provides a convenient method of large-capacity storage that meets regulatory requirements
 - Available with remote-controlled aluminium roller shutter that completely secures the complete unit
 - Standard unit provides for approximately 100 product facings
- Sliding, lockable doors for general day use
 - Available with base storage drawers for bulk stock
 - Standard unit is supplied with 8 metal shelves with “toothed” plastic fronts and dividers - in sloping configuration, stock will always be at the front of the shelf

Night Mode - Roller shutter closed

Day Mode - Roller shutter open/sliding, lockable doors in operation

Cigarette Cabinet Components

1. Remote-controlled aluminium roller shutter - simple press button operation to open or close
 2. Overhead flap door that conceals shutter roll - simple lift up operation for access. Door face may be incorporated into your store branding theme with the application of graphics
3. Sliding, lockable doors for general day use. Aluminium composite material to provide rigidity in a wide selection of colours
 4. Base storage drawers for bulk stock
 5. Sloping metal shelves incorporating clear plastic shelf fronts and dividers for ease of merchandising
